Subject: Filling up non-gazetted posts on
Railways - classification of posts as
Safety Categories.

The Ministry of Railways have reviewed the posts already notified as Safety Categories posts under Board's letter of even number dated 6-6-1980 and 21-1-1981, and have decided to classify the posts as enumerated in the Enclosed Annexure 'A' as Safety Categories. Accordingly, no relaxation be allowed in the prescribed qualifications, period of service and other criteria while filling up these posts. The guideline adopted for notifying the posts as Safety Categories are as under:

- i) The classification into Safety Categories should be restricted to Open Line (Operating and Maintenance Staff) and Loco/Diesel/Electric Sheds and Workshops dealing with repair and maintenance and should not cover production units;
- ii) The staff should be directly connected with safety

) The staff should, for most part of the time, be working independently;

Entire category, irrespective of the various grades available, in that category, should be classified as Safety Category eg. Station Masters/A.S.Ms. etc. of all ranks are included in the category of S.M./A.S.M.;

It should be restricted to Class III & Class IV posts only;

vi) Only important Inspecting Officials should be included;

vii) In workshops only such staff should be deemed to belong to Safety Category as are directly responsible for checking the quality of workmanship.

4. It has also been decided by the Ministry of Railways that in the safety categories, the staff will be required to put in a minimum of 2 years of service in each grade before promotion to higher grade. Hindi version will follow.
